

We depend on the forest, and the forest depends on us Nito Uvenibo

21st May 2021

Congratulations to Year 5

This term, Year 5 have been learning about the Rainforest - and decided to try to raise enough money to donate to Rainforest Concern in order to sponsor two acres. They completed chores at home, donated their pocket money, reached out to friends and family, and even had a class non-school uniform day. Their hard work has really paid off, and they've raised a whopping £230! They have FAR exceeded their goal and we're all so impressed with their commitment. Well done Year 5!

Headteacher Awards

Lucas-Lee in FS; Bella, Elijah and Hayden in Year 4; Suriyah in Year 5; Filip Year 6

If you could help anybody, who would it be and why? By Eliza Yr 4

Winning Answer by Maxx in Foundation Stage

I would help my friend get better if they fall over, I can give them a plaster!

Winning Answer by Ella in Year 1 Circles

If someone was stuck I would give them a hand and we could keep trying.

Winning Answer by Gabriel in Year 5

If I could help someone, I would help the indigenous people of the rainforest. They are losing their homes by the people who are cutting down a football pitch of forest every second. If we can't stop that we won't have plants to cure cancer or coca plants.

CELEBRATING EACH OTHER, AND THE JOURNEY WE ARE ON

Year 6

Despite not taking SATs papers this year, Year 6 have been working extremely hard over the past few months on their Maths and Literacy to help prepare them for secondary school.

All of this week they have been taking test papers in class, and we are so proud of their incredible attitude. Each morning they have arrived happily, taken their tests without complaint, and showed the positivity and resilience we know them so well for.

They were also all given their roles for their school play to be performed at the end of the year – a little bit of excitement in a week of hard work!

WELL DONE Year 6 – you are such fantastic role models for the rest of the school.

Caterpillar Friends

Foundation Stage went on a 'trip' to the recreation ground yesterday to forage for nettles for their class caterpillars. They are learning all about life cycles..... and we're very excited to see what happens with their new friends!

The Art of Brilliance

This week we welcomed the BRILLIANT Will Hussey and Sanj Sandhu from the incredible Art of Brilliance to St Lawrence. Years 3, 4 and 5 had three fantastic days working with them to explore the science of FLOURISHING.

Practical workshops helped them to think about LEARNING TO LEARN in fun, creative and active ways. Classes explored how our brains work and the essential behaviours needed for succeeding both in and out of the classroom. The children thought about their Huge Unbelievably Great Goals that bring out the best in themselves and others and then discussed how to create a ripple effect to spread positivity. The children were BRILLIANT and their learning was too!

They will be visiting us again during the year, and have set us lots of challenges to be working on. Thank you so much Will, Sanj, and the whole Art of Brilliance team; not to mention our amazing pupils!
