If you had a remote controller that could control anything of your choice, what would you choose and which buttons would you press?

Winning Answer by Oliver in Foundation Stage

I would make a control that stops meteors destroying the earth.

Winning Answer by Lilly in Orange Squares

I want to go forward to go to see the things I am going to do.

Winning Answer by Daniel in Year 4

If I had a remote control I would press a pause button, so that I could stop, breathe, and just take a moment to think.

Headteacher Awards

Megan in Year 1;
Isabelle, Logan,
Alanah and Leyton
in Year 3

Rectory Road, Rowhedge, Colchester, Essex CO5 7HR

CELEBRATING EACH OTHER, AND THE JOURNEY WE ARE ON

Recycling in Year 4

This week Year 4 were visited by our Neighbourhood Warden Zoe, who gave a talk about recycling and answered all of their wonderful questions. They then all set about to upcycle milk bottles, and turn them into elephants! Thank you so much to Zoe for her time, and for all the enthusiasm Year 4 are showing for the class topic.

Mersea Camp

After delays, rescheduling, and a fair bit of uncertainty along the way, Year 6 are **HEADING TO MERSEA CAMP** next week! Hopefully you have collected together the kit from the lists sent home, you all have the necessary contact details, and we have all the medical, dietary, and emergency details you have sent to us. Make sure you remember coats and warm clothes) even if the weather seems warm, a packed lunch box or the first day, a water bottle, and black bin bags for dirty clothes and carrying bedding.

There is no need to come to school first, and we really look forward to seeing you all there at 10am on Monday morning.

IMPORTANT

We are hearing from other schools that bubble closures (and in some cases whole school closures) are on the rise. This pandemic is not over, and with more social mixing and new variants, we are still working extremely hard to keep risks as low as possible in school. Please help us to do this. Please follow the most up to date guidelines on social contact outside of school. Please keep your children with you on the recreation ground at drop off and pickup. So much effort is going in to keeping groups separate in school to keep everyone safe, but lately we are seeing much more mixing on the rec. Please also remember that you are entitled to twice weekly lateral flow tests. If you are not yet registered to receive these but would like more information, let me know.

Pebbles

This week we had the most wonderful **WHOLE SCHOOL** walk down to the river. Everyone placed a stone down snaking around the tree to create a beautiful piece of art. With messages of love, hope and kindness, we wanted to fill our village with joy! Working as a whole school to create this 'Agents of Change' project has been a fantastic way to bring us all together.

Please do pop along to the riverfront to see our art installation. Feel free to take a stone home or even re-hide it for someone else to find. We are SO proud of our creative and kind children!
