

The beautiful thing about learning is that no-one can take it away from you – B.B. King

2nd Feb 2024

Year 5

Last week some of Indigo Class were able to take part in Bike ability, first they had to learnt the basics of road safety on the playground. Next, they went out on the roads of Rowhedge using all the skills they learnt and they all received their Level 2 in Bike ability. They all came back saying they really enjoyed their experience!

CELEBRATING EACH OTHER, AND THE JOURNEY WE ARE ON

Year 3

In PSHE last week, we worked hard on our Agents of Change project 'work together'. In our teams, we have been communicating effectively; sharing ideas, taking turns, having different responsibilities and listening to one another to design a garden for someone who faces their own challenges. We have been given a budget, so it was important not to overspend and essential that we could all agree and make compromises.

Year 4 Squares

This afternoon, Year 4 Squares concluded their EGGsperiment, after initially setting it up first thing Monday morning. The class had chosen 4 liquids to submerge an egg into to investigate and observe any changes, mirroring effects on our teeth. We had an EGGcellent outcome where one of the eggs turned rubbery! They then answered questions to explain how the test was conducted fairly, the importance of a control and the conclusions they found. Everyone agreed that brushing their teeth was extremely important and even missing just one time can have a huge impact. You've shown yourselves to be great scientists Year 4 but no more egg jokes please!

Year 3

Year 3 became cartographers earlier this week, mapping out Rowhedge in their sketchbooks. They looked out for all of the different uses of land in Rowhedge and added different symbols to the key. They had lots of fun on this wonderfully sunny day!

Half Term at Firstsite

Attached to this newsletter you will find a flyer providing information on half-term activities available at Firstsite in Colchester.

Holiday Fun is for families facing economic challenges or who require additional support during the school holidays, including those who qualify for benefit-based free school meals.

There is a QR code included on page two of the flyer which you can scan to book.

The school is registered under the Data Protection Act for holding personal data. The school has a duty to protect this information and keep it up to date. The school is required to share some of the data with the Local Authority and with the DfE. It is parental responsibility to ensure that their details and that of other contacts held on their child's records are correct and up to date.
